The viewing of this film provides students a unique opportunity for the following reasons:

Real life situations of teens with alcohol can be presented and discussed in class.

Viewing other teens make life-altering choices can help to influence our students to make safe decisions for themselves.

The film contains some images that may be considered potentially sensitive for the following reasons: *The video contains some detailed footage of injuries in a trauma care center. There is also a small amount of potentially offensive language.*

We are seeking your permission to allow your student to watch the film. Thank you for your cooperation. Please return this signed letter as soon as possible.
