REQUIRED CHILD HEALTH EXAMINATION (PHYSICAL) FOR ENTERING HIGH SCHOOL

MUST BE COMPLETED BY YOUR HEALTH CARE PROFESSIONAL AND RETURNED TO THE HEALTH OFFICE

1. Completion of the State of Illinois Certificate of Child Health Examination form is required of all incoming freshmen.
   - Schedule an appointment with your health care professional.
   - Print the State of Illinois Certificate of Child Health Examination form to be completed during your appointment.
   - The health examination must occur after August 19, 2013. Please note this is August of last year, NOT just before school starts in 2014, which means you can have this completed at any time to avoid the last minute rush and not starting school on time.
   - A parent or legal guardian must complete, sign, and date the health history portion on the second page of the health examination form. Don’t overlook this important part of the form, which must be completed in addition to the parts completed by the health care professional.
   - Return the health examination form to the South Campus Health Office no later than June 1, 2014.
   - Please note the State of Illinois Certificate of Child Health Examination form is the only form that will be accepted for incoming freshmen. A sports physical form is not needed in addition to the state-required form.

2. Illinois law and school board policy require exclusion of students from attendance if they do not have the attached State of Illinois approved health examination form completed by a qualified health care professional prior to entering the 9th grade.

3. Immunization records must be current and complete. A complete list of immunization requirements in the State of Illinois is available at: http://www.ilga.gov/commission/jcar/admincode/077/077006650B02400R.html

4. Students with life threatening allergies, seizure disorder, diabetes, and any other significant health concerns may require additional medical documentation. The Health Office can provide these additional forms so you can bring them to your health examination appointment.

5. Pertinent confidential medical information is shared with teachers and staff as appropriate and as needed. If your child has special health care needs, please contact the South Campus Health Office so we can prepare for your student’s arrival at LT.

ALL HEALTH FORMS MUST BE SUBMITTED BEFORE A STUDENT CAN COMPLETE PROCESSING AND RECEIVE HIS/HER SCHEDULE AND BOOKS IN AUGUST, 2014.

Please keep copies of all health forms for your records.

If you have questions about health record requirements or need further assistance in completing the forms, please contact the Health Office at South Campus, 4900 Willow Springs Road, Western Springs, IL 60558
