FALL 2012

RENDERING OF THE
ALL-CLASS GIFT
Dear LT Alumni Friends,

Happy Homecoming 2012! Congratulations to the classes who celebrate reunions this year. We encourage you to attend the walking tour at North Campus and see the sights of our beautiful building, especially the Hall of Fame outside the Reber Center, which honors a unique group of LT alums. Be sure to stop by the South Campus walking tour and see the recent renovations before you head over to the Corral for the alumni reception and refreshments.

We are grateful to all LT alums for their continued support and memberships, which help to fund annual student scholarships. Plans are underway for the 125th Anniversary of Lyons Township High School. There will be many ways for LT alums to participate in the celebration. Contributions to the All-Class Gift would be greatly appreciated and help us with the celebration plans.

As always, I am humbled to be a part of the LT Alumni Association and to work alongside such special people with our common bond of Lyons Township High School.

We Are LT!

HARRIS CONNECT ALUMNI DIRECTORY

LT is proud to announce the production of an updated alumni directory!

The new directory will be the most up-to-date and complete reference ever compiled and feature detailed personal and professional information on graduates from all class years, making it easier to find old friends as well as to network professionally.

By now, all LT alumni should have received a postcard and/or email from Harris Connect asking to confirm biographical information via a toll-free number dedicated to LT: 866-283-3312

Harris has been instructed to only publish information when they receive confirmation of information directly from an alum or immediate family member. If you want your information to appear in the directory, you must respond to Harris. Even if you haven’t moved or changed your listing in decades, Harris still needs to hear from you.

After the directory is published, LT will continue to maintain and update the database until the next directory is produced.

THE ALL-CLASS CLASS GIFT

Each year at the graduation ceremony, the senior class presents LT with a class gift in appreciation for the four great years at the high school. These gifts have typically provided LT with extra amenities that bolster the appearance, spirit or history of both campuses. Patios, benches, clocks, lion statues, trophy cases and historical displays have all been provided to the students of today through these gifts.

In honor of an important double anniversary (LTHS 125th and the Alumni Association 10th) and in continued support of this time-honored tradition, the Alumni Association Board has chosen to spearhead a fundraising effort to present LT with a very special All-Class Gift. We are counting on the generosity of our fellow alumni and past class boards to help us make this gift a reality.

THE GIFT:
A large LTHS school seal (including installation) at a cost of about $10,000. The school seal will be installed on the south outside wall of the North Campus Fieldhouse that is currently void of artwork or signage. This highly visible wall is in between the main entrances of the fieldhouse and just yards away from the two Lion statues that were donated by past senior classes. Our gift will enhance an already special area that thousands pass through each year. The gift will promote both school spirit and the historic 125-year anniversary of LTHS.

THE CHALLENGE:
The Alumni Association Board contemplated funding this project directly from an endowment fund built over its 10-year history, but because this endowment fund is used to help fund scholarships for students who display extraordinary school spirit each year, the Board chose instead to challenge all of our alumni to help pay for this great gift. If we overshoot our Class Gift goal, the endowment fund will grow and provide more scholarships for outgoing seniors. Your gift will keep giving far into the future!

THE RACE IS ON:
In the spirit of LT pride and old-fashioned competition, the Association will keep track of the donations by class year. When you make a donation, let us know what class year you graduated. Donations will be tallied by class year and published in a future Alumni Association newsletter. The winning class will earn the eternal kudos of the Alumni Association and future classes.

We hope many of you see the value of this gift and participate. We also hope that past Class Boards/Reunion groups will also support the cause! We are letting you know that the race is on. The Class of 2012 has already made a nice donation to the cause and thus has an early and substantial lead. Will any other class surpass their gift?

ALUMNI ASSOCIATION SCHOLARSHIP WINNERS ANNOUNCED

Thanks to the generosity of our lifetime Alumni Association members, the LTHS Alumni Association was able to offer four scholarships to recent LTHS graduates. One of the four Association scholarships is named after former superintendent Dennis G. Kelly in recognition for his 17 years of service to LT. The students also received lifetime membership to the Alumni Association, a $150 value.

The students demonstrated dedication to community, commitment to academic excellence and pride in Lyons Township High School through their essay applications. They were selected from a very qualified pool of candidates.

ALUMNI ASSOCIATION SCHOLARSHIPS

(Left to right) Jaime Jones, Erin Richards and Matthew Smith are pictured with Alumni Association Board Member Erin Callahan (’98). Each senior received a $500 scholarship, thanks in part to the generosity of Association lifetime members.

Jaime Jones- According to Jaime, LT is a community of teachers, students, parents and peers that has not only endeavored through outstanding triumphs, but also experienced misfortune and tragedy. He beams with pride at the consistency of the community coming closer no matter what the outcome of the venture. Jaime made a strong commitment to LT; he has been part of a record-winning football team, wrestled in a state tournament, watched his friends win state titles, and attended countless theatre masterpieces. Jaime expressed his gratitude and admiration for the entire establishment of LT, where his true colors will always be blue and gold.

Erin Richards- As a girl who has always taken her education seriously, Erin feared the size and stereotype of a public high school seen in so many teen films. However, despite her initial concern she says attending LT opened every opportunity for her. Erin says she has grown more as a person during these past four years than she has in all the years before her freshman year combined. She values LT’s sense of family and was inspired by wonderful teachers and coaches. As an alumna, she will continue to lead her life with the hard work and confidence that LT has demanded from her these past four years.

Matthew Smith- “At LT, Vita Plena, means that we make the most of our lives when we are actively engaged, seeking and accepting new challenges. Vita Plena creates a culture of excellence,” says Matthew, a proud, fulfilled alumnus. Matthew followed through with this idea of being actively engaged throughout his four years at LT. He participated in the LION newspaper, he was on the swim team, math team, and track team, and he excelled in the classroom. Matthew was also very aware of the positive changes his peers were making. He saw an introverted grade-school friend school become a radio personality, while a quiet, shy girl became a terrific dancer. Matthew is proud to have been in a school where his peers bought into a culture of excellence, because these students will take that excellence with them far beyond the walls of LT.

Dennis G. Kelly Scholarship

Trevoy Johnson Trevoy’s pride comes from the relationships he made with the people around him during his four years at LT. He formed deep bonds with counselors, developed into a strong leader in the LT Steppers, and was motivated by encouraging parents of his close friends. Trevoy stood out as a bright voice in the choir, making his grandmother, a former LT choir alumna, very proud. While he occasionally struggled academically, he did learn how to balance and organize himself on an independent level. Trevoy is a student who takes pride in the LT family.
Often, class reunions find themselves with money left over after their reunion. Some classes keep it and use it as seed money for their next get-together. Others generously donate to the Alumni Association or fund a scholarship. This year, the Class of 1941 and others donated money for two $500 scholarships in memory of classmate Myron Ebert, the Class of ’70 donated $1000 for two scholarships and the Class of ’76 donated money for three $500 scholarships.

**CLASS OF 1970 SCHOLARSHIPS**

1970 graduate Roxanne Warble (center) presents Daniel Holt and Katherine McGill with scholarships on behalf of and in memory of the members of the Class of 1970.

**Daniel Holt** - Daniel is exceptionally proud to be at a place where “the faculty puts so much effort into making sure that every student is given the opportunity to succeed.” He appreciates being at a school with an education system ranked above the nationwide average. He credits his hopes and dreams to LT, where each and every day he followed LT’s motto, “Vita Plena,” the quest for a fulfilling life.

**Katherine McGill** - Coming from a parochial grade school, Katherine worried about going to LT. However, as her first year unraveled, she quickly saw the generous and caring nature of the students around her. She became a member of the swim team, earned a high GPA, and gained self confidence each day, which led her to experience four great years of success, pride and happiness.

**CLASS OF 1941 SCHOLARSHIPS**

Alumni Association President Mary Yena with ‘41 Myron Ebert scholarship recipients Clare Bonistalli (left) and Peter Swanson.

**Clare Bonistalli** - Clare is a double second generation Lion, who participated in cheerleading and gymnastics, served as a staff member on Tabulae, as well as led the student section as a “Super-Fan.” While she takes pride in her own endeavors, she also takes time to watch the talents of her classmates in Eurythmics, Improv Club and other activities. However, she is most proud of the diversity, acceptance and tolerance of the LT student body and staff.

**Peter Swanson** - The support that the community has for the school in times of celebration and tragedy is what had the most impact on Peter at LT. While at LT, Peter took part in a student leadership program, golf, and the swim team. By taking part in these activities, he ultimately redefined his leadership skills throughout his years as a Lion and has put those skills to the test in the real world.

**CLASS OF 1976 SCHOLARSHIPS**

Emily Matijevich, William Konstant and Juliet Lusson are pictured with Alumni Association Board Member Mark Reich (’85). Each senior received a $500 scholarship, thanks to the Class of 1976.

**William Konstant** - “Our academics and athletics are second to none,” says William, a proud 4-year athlete and academic role model. William takes pride in being a part of clinching the West Suburban football title in 2010 and witnessing his classmates win state championships in boys soccer, boys and girls water polo, girls volleyball and baseball. The combination of an outstanding athletic, academic, and supportive environment led William to many achievements. He will continue down that path next year when he attends Dartmouth College, where he will play football.

**Juliet Lusson** - As a girl who has made the choice to make a positive differ-

ence every day, Juliet has seen the benefits of dreaming big and working hard. Juliet took many diverse classes, where she acquired unique skills that she says she wouldn’t have otherwise obtained. She is proud of LT’s athletic competitiveness and good sportsmanship, which is also evident among students involved in the fine arts and other clubs.

**Emily Matijevich** – Emily is proud to be a part of a strong community, while also striving to recognize her own individual uniqueness. Her involvement in LT Poms taught her how to be confident, a great leader, and how to work together with her peers. She has taken that confidence and pride into the classroom, where she challenged herself through rigorous courses. Emily credits much of her success to her bright and supportive teachers, who helped prepare her for college and the rest of her life.
